PROPOSED BUILDING FOR THE YOUNG MEN'S CHRISTIAN ASSOCIATION.

The Young Men's Christian Association at its monthly meeting in February decided that the time had arrived when the young men of Alexandria should have an attractive place of healthful resort. A building committee was appointed, consisting of G. R. Hill, Thomas Leadbeater, D. N. Rust, Worth Hulish, R. P. Tucker, W. T. Emerson, N. S. Greenaway and W. L. Hatch. This committee at once instructed Mr. Glen Brown, architect, to prepare plans, and the above represents the front elevation of the proposed building, to cover a lot 43x102 feet. The rear will contain a large and well-equipped gymnasium, together with running track, bowling alley 60 feet long, baths, lockers and swimming pool. Over the gymnasium will be a lecture hall, with a seating

capacity of about 500. The front part of the building will contain on the first floor two handsome stores; on the second floor will be the reception room, parlors, men's reading room and library and boys' reading room; on the third floor class room, committee rooms, play rooms and kitchen; on the fourth, or attic, floor boys' rooms and janitor's room. Over \$1,000 towards the cost of this building has been subscribed by members of the association. The committee and woman's auxiliary are hard at work devising the ways and means for securing this building. The people of Alexandria are expected to give them their hearty support and co-operation, as the building will not only be a safeguard to the young men, but will be an ornament to the city.
